The Ben Noble trial was sent well on its way this afternoon, when the jury was finally completed about two o'clock and the attorneys for the State and the defendant made their opening statements. At three-thirty o'clock, John E. Osborne of Greensburg, Noble's attorney finished his opening statement and the first evidence was received. Ralph Sprague of Columbus of the State, made the opening statement for the prosecution.

In making his opening statement Mr. Osborne outlined in general what the defense will attempt to show. According to his remarks, the defense will introduce evidence to show that Noble was led to believe by Sheriff Patterson of Decatur county that he would receive a light sentence, possibly not more than eight years and less than one year if he would plead guilty. He stated that Patterson promised him many things if he would sign a statement, making an open confession of the crime. The attorney contended that evidence will be introduced to show that Noble depended on the statements of the sheriff when he threw himself on the mercy of the court and pleaded guilty. Noble's attorney stated that Prosecutor Bruce of Greensburg went to the jail in Indianapolis and found that Noble was depressed and in low spirits. The defense also said that they would show that the sheriff had persons to call on Noble, he telling all of them that he needed no lawyer and that Sheriff Patterson was his friend, evidently depending upon him to keep his troth and save him from a sentence. The attorney said it would be shown that Patterson told Noble he might be hung if he attempted to stand trial.

The attorney for the defense described the details of the defendant's actions on the night of the tragedy, as will be shown by their witnesses. He said that the State would attempt to show that Noble's alleged quarrel with Sprague over the horse and buggy was the motive for the crime. Mr. Osborne declared that it will be the contention of the defense that the motive, a very small quarrel over the use of a horse and buggy is not sufficient for any man to kill another. He said it would be proved that

Sprague gave Noble on the day of the murder two dollars to go to Birney and hire a rig to take his girl for a drive and that he remarked to a friend that Sprague was an exceptionally good man to work for.

"We will not attempt," said the defense, "to show why Mrs. Sprague, as is alleged by the State in the opening statement, went to the kitchen immediately after the crime had been committed and found that the shotgun was still warm. We will show, however, that a shotgun barrel will not be warm in ten minutes after only one shell has been shot. We are not accusing Mrs. Sprague of the crime, we are not accusing anyone of the crime. We will show that Ben Noble is not guilty."

The defendant's attorney paused briefly in describing Noble's life, in bearing out the special pleadings of insanity on the part of Noble, which was made before the court. The attorney stated that Noble had been afflicted with fits ever since he was seven years old. He pointed out incidents, which he said would be brought out in the testimony, when the old form of insanity cropped out in his life. He told of the times that Noble had had strange mental visions and of the other times when he had been overcome, as if dead, while working in the fields. He said it would be shown that Noble, on account of his many outbreaks, was taken to a physician at the age of sixteen, and pronounced of unsound mind. The defense explained, however, that it would be shown that Noble was never of a quarrelsome nature and that he never lifted his hand against any mortal.

In making the opening statement for the State, Ralph Sprague of Columbus described the scenes of the murder minutely as well as all of the rooms in the house, declaring that the evidence would bear him out. He declared that Mrs. Sprague was awakened by the shot on that fatal night and reached over and felt the blood on her husband's neck. She screamed and in running out of the

**Mrs. Cary Ward, 58 Years Old, Ex-**  
**pired Last Night at Her Home**  
**in This City.**

**FUNERAL TOMORROW MORNING**

Mrs. Martha J. Ward, wife of Cary Ward, died last night at six-thirty o'clock at her home, 906 North Wilow street. Mrs. Ward had been ill for some time, suffering from a complication of diseases. She was 58 years old. Mrs. Ward was the daughter of Mr. and Mrs. Samuel Clifton and had been a resident of this county all her life.

Besides her husband she is survived by one son, Alva Ward of Indianapolis; one step-son, A. E. Ward of this city; two brothers, Jacob and Charles Clifton, and two sisters, Mrs. Sarah Stevens and Mrs. Margaret Jarrett.

The funeral services will be held tomorrow morning at ten o'clock at the residence, conducted by the Rev. A. L. Oreutt of Indianapolis. The remains will be taken to Indianapolis on the 11:09 car and burial will take place in Crown Hill cemetery.

## OTHER CITIES TAKE ACTION

**In Many Cases the License is \$500**  
**With One Saloon Per Thousand**  
**Inhabitants.**

**ELECTION FOR HENRY COUNTY**

**Since New Law Has Been in Effect**  
**Many Places Pass Regulative**  
**Measures.**

The action of the Rush county board of commissioners in fixing the number of saloons for Rushville, one for each thousand inhabitants and the action of the city council in passing an ordinance fixing the saloon license fee at five hundred dollars, the maximum rate, is only in keeping with the general trend of the results of the last elections all over the State. It has been true in nearly every instance, where elections have been held or will be held under the Proctor law, that the commissioners and the city councils have given the saloons the limit—the maximum license fee and the smallest number possible per number of persons. Especially has that been true of cities in this section of the State, in which local people are interested to some extent. Connersville is the only city where the saloons have not been restricted to as great a degree as the law provides.

The Hancock county commissioners took action Tuesday, limiting the number of saloons that may operate in Greenfield to one saloon for each one thousand inhabitants. In case Greenfield should vote wet at the election March 28, only five saloons could operate there according to the last census figures, under the action. The council has already made the license fee \$500.

The Bartholomew county commissioners yesterday afternoon limited saloons to one for each 1,000 population in Bartholomew county. This action limits Bartholomew county to 24 or 25 saloons and limits the city of Columbus to nine establishments. Assuming that saloons will be back in Columbus after the "dry" period of two years on March 30, the city council there Monday night introduced an ordinance fixing the city license fee at \$500—the highest sum possible under the new Proctor law.

Though the session of the Greensburg city council was short Monday night considerable business of importance was transacted. Chief amongst this was the fixing of the saloon license fee at the maximum rate, \$500.

Besides calling an election yesterday, the Henry county commissioners fixed the number of saloons at one for every thousand persons in New Castle. The New Castle city council has also decided that the saloon license fee shall be the maximum under the Proctor restrictive law.

Connersville is the only extreme in the other direction, where the commissioners allowed one saloon for every five hundred inhabitants.

The Shelbyville city council last night decided that the saloon licenses there should be the maximum, \$500. The Shelby county commissioners have not taken any action yet.

**Names Highest Amount Possible**  
**Under New Proctor Law.**

**MAKES TOTAL COST OF \$700**

**Attorney Reads Proposed Regulative**  
**Measure Which Would Restrict**  
**Saloons to Business District.**

After much discussion and a rather lengthy session the city council last night suspended the rules and amended ordinance No. 25, so as to make the saloon license fee read \$500 instead of \$250.

The ordinance which was amended is an old one, having been passed by the city in 1899. It is the city law under which the saloons formerly operated. The section which was changed called for a license of \$250 and the council took advantage of the new Proctor law and placed the fee at the highest possible amount. This means that a license will cost in all \$700, \$200 of which goes to the county.

The council was very anxious to regulate the saloons as they thought perhaps the county commissioners would grant the licenses today and if they should it was their last chance. The city attorney read an ordinance he had prepared. It called for a \$500 license fee. The proposed ordinance was very strict. In one of the sections the business district of the city was to be defined and the saloons limited to this portion only. The proposed boundary lines for the business district were discussed. One of the lines named was as follows: Third street from Mor-to Perkins; Perkins from Third to the first alley south of First; this alley west to Morgan; then up to Third street.

Another section of the proposed ordinance was the defining of the kind of room the saloon should be located in. The room was to have no rear or side entrance and should be only one room. There was to be no stairs or shafts leading from the room. The penalty as fixed by the proposed ordinance was left blank for the council to fill. A discussion arose as to this point. Councilman Parsons was in favor of a heavy fine for the first and all offenses. He would have the penalty fixed at \$50 and 30 days in jail for the first offense and on up to \$500 fine and six months in jail for other offenses.

City Attorney Barrett told the members that all the provisions of the ordinance had stood the tests of the supreme court and were all valid. Councilman Kelly was opposed to taking any action as he wanted to see a copy of the new law. All argument failed to move Kelly and he stood firm. It was brought out that if the commissioners granted licenses today, then it would be too late for the council to pass a regulative measure, as the saloon applicants have, of course, all given their location. Mr. Kelly said he wanted to act fair in the matter and advised the council to take no steps unwarranted. Since it would take the unanimous vote of the council, Norris being absent, to pass the ordinance, it was laid on the table and will probably be taken up at their adjourned meeting, set for Thursday night.

Among the other business transacted by the council, was the granting of a petition for cement walks in Arthur street, from Seventh to Eleventh street.

The council ordered the sewer committee to investigate further the stoppage of the sewer on Fourth street. Parsons said he thought this

trouble should be blamed on the right offenders and the committee will make another investigation.

The city treasurer's report for the month of February was read and ordered referred to the finance committee. Claims to the amount of \$1750 were allowed before adjournment. That there has been a wholesale slaughter of cats and dogs in the city was evident from Wat Bartlett's claim. He had a bill for burying 10 dogs and 3 cats.

## LETTER CARRIERS GET STATISTICS

**Gather Some Interesting "Dope" on**  
**the Four City Routes—Find**  
**Distance Each Travels.**

**CARRY MANY POUNDS OF MAIL**

The local city letter carriers have compiled some very interesting statistics concerning their routes. The length of each route has been determined by the use of a speedometer attached to a bicycle. In this manner the number of miles each carrier travels in a day has been determined. Howard Carmichael, on route one, goes 14.7 miles; Heber Allen, on route two, 14.3 miles; Ben Sparks, route three, 15.1 miles, and Herman Jones, who is in the business district travels in all about the same number of miles.

Yesterday and the day before, the number of pieces of mail each handled was counted and is as follows: Monday, No. 1, 506; No. 2, 506; No. 3, 556; No. 4, 953. For yesterday the number was: No. 1, 406; No. 2, 488; No. 3, 466; No. 4, 745.

All the mail handled by the four men was weighed and for yesterday it was as follows: No. 1, 31 pounds; No. 2, 47 pounds; No. 3, 44 pounds; No. 4, 52 pounds. For the day before the weight was: No. 1, 131 pounds; No. 2, 61 pounds; No. 3, 151 pounds; No. 4, 104 pounds. The statistics will be sent to the post-office officials in Washington.

## 'DRYS' SPRING BIG SURPRISE

**File Remonstrance With County Com-**  
**missioners Against the Granting**  
**of Saloon Licenses.**

**CASE MAY BE HEARD LATER**

**Ask That Board Defer Action For**  
**One Month—Not Decided at**  
**Late Hour.**

The county commissioners set the time for hearing the applicants for liquor licenses for one-thirty o'clock this afternoon, but it was almost three-thirty o'clock when they convened.

John Titsworth, acting as attorney for the "drys" filed a remonstrance, signed by Dr. C. H. Parsons, against granting of any licenses. This move on the part of the "drys" came as a surprise to the "wets" who had contemplated easy sailing. At a late hour the attorneys were arguing before the board and it is altogether probable that no licenses will be granted today.

The remonstrance was against all nine applicants and it stated that the commissioners should refrain from issuing licenses on several grounds. The first cause named was the moral character of the men. Mr. Titsworth said in presenting the remonstrance that no certified copy of the new law had been issued and on this alone the board should refuse a license. He also stated that the election recently held could not stand because the law was void. It was asked that the commissioners put off the granting of licenses until one month.

Gates Sexton in replying to Mr. Titsworth said that the law had been in effect since Saturday and the board had a perfect right to act on the applications.

He further stated that all the applicants had given the required 3 weeks' notice and were duly entitled to a license.

John Kiplinger, another attorney for the saloon men, stated several cases to the commissioners which had been handed down by the Supreme court, showing that the remonstrance filed by the "drys" was no good and should not stand, because the remonstrance should have been filed against each applicant.

The commissioners, it is said, will set a day for the hearing of the case, at which time evidence will be introduced to substantiate the opinions of both sides.

## CASE SETTLED OUT OF COURT

**Habeas Corpus Proceedings Against**  
**Ollie Larimore.**

The habeas corpus proceedings filed yesterday in the circuit court by August Ebbing against Ollie J. Larimore, did not come before the court last night as had been expected. The trouble was settled outside of court and Mrs. George Caldwell will have the custody of Ebbing's two children until he can get his home arranged in Walker township, when they will live with him.

### Sweeping Changes are Made in Proctor Restrictive Liquor Law

Governor Marshall has signed the Proctor restrictive liquor bill and it has become effective at once.

Sweeping changes are made from the present law governing the liquor traffic. Following is a summary of the most important provisions of the bill:

No brewer or any brewing company shall own or have any interest whatever in any saloon established under the provisions of the act; applicant must state in his application that he has not received any gift of money or any consideration whatever from any firm or corporation to be used in the conduct of the saloon and all statements in the application must be sworn to by the applicant.

The number of licenses which may be granted in any city or township is limited to one to each 500 inhabitants. The board of county commis-

sioners may restrict the number still further to permit one to each 1000 of population, provided the limitation is made at the next meeting of the board after the passage of the act.

License fees are fixed at \$300 in cities of the first and second class; other cities \$200 and incorporated towns \$150. This fee is in addition to the State fee, which is uniformly \$200. City council or town boards may increase the fee to \$500 for cities and to \$300 for towns by passing ordinances, but no power to increase the fees will be versed in the local legislative bodies after the taking effect of the act. If a saloon is established outside of any city or town, more than two miles from a town or more than four miles of a city of the first or second class, or more than two miles of any other city, the sum of \$50 shall be paid for such license.

The hours of closing is 12 o'clock, midnight, in cities of the first and second classes; in other cities the closing hour is fixed at 11 o'clock. For any violation of the closing law a fine from \$10 to \$50 is provided, with an optional jail or workhouse sentence of not more than sixty days.

Boards of county commissioners are mandated to revoke a license if the holder thereof is convicted of a felony within the year preceding; if convicted of breaking the laws in the restraint of lewdness, if grossly immoral or otherwise unfit to conduct a saloon; if he has, within the two years preceding, been adjudged guilty for the third time of violating the provisions of a regulative liquor act; if an application by a corporation to substitute one agent for

another to have charge of its business is refused by the board of commissioners, or by any court on appeal; if the license fails to pay the fee as provided.

If the board of commissioners finds a licensee has permitted persons of a lewd or immoral character to frequent his place, or if he permits the display of nude pictures, the license shall be suspended for thirty days; for the second offense within any period of two years the license shall be suspended for at least sixty days, or may be revoked, and for the third offense in any period of two years the license shall be revoked. If the licensee knowingly permits gambling in his place of business, and the board finds him guilty, the license shall be revoked and no new permit shall be given to him. If the license is revoked for any other cause the holder shall not be entitled to another for a period of two years.

It is made unlawful for any person to sign his name to a remonstrance who does not possess the qualifications required of remonstrators.

Any corporation operating a hotel with at least twenty-five rooms actually used for guests may be granted a liquor license as a corporation; the name of the person to act as the agent for the corporation must be stated in the application.

Application for license must advertise in a newspaper in the locality in which he desires to sell liquor at least twenty-five days in advance of

the meeting of the board of county commissioners from which he desires to receive the permit; if no paper is published, notice must be given at least twenty days in advance of the meeting of the commissioners by posting notices in prominent places. No license shall be granted to any person unless he is a citizen of the United States, but if an applicant has resided in the State for ten years and has declared his intentions of becoming a citizen he may receive a license.

Any voter in the city, town or township in which an applicant desires to sell intoxicating liquor may remonstrate against granting a license on grounds of immorality or other unfitness of the applicant.

### PRESIDENT PAYS MR. BALLINGER TRIBUTE

#### Victim of An Unscrupulous Conspiracy, He Says.

Washington, March 8.—Richard A. Ballinger of the state of Washington will be succeeded as secretary of the interior in the Taft cabinet by Walter L. Fisher of Illinois. Announcement of Mr. Ballinger's resignation and the appointment of Mr. Fisher as his successor has been made at the White House. Mr. Ballinger will quit the interior department immediately upon the qualification of Mr. Fisher, who, according to statements made by the White House officials, will be inducted into office within the week.

Mr. Ballinger's retirement makes the first break in the Taft cabinet. Although it has been known for a long time that Ballinger had no intention of retaining the interior portfolio until the end of the administration, the announcement of the resignation at this time came as a surprise to official and political Washington.

The announcement of Ballinger's resignation came out in the form of correspondence that had passed between the president and the secretary of the interior. Mr. Taft's letter accepting the resignation is one of the warmest documents ever prepared at the White House. At the conclusion of a tribute to Mr. Ballinger's service for the administration, the president wrote this observation:

"I do not hesitate to say that you have been the object of one of the most unscrupulous conspiracies of the defamations of character that history can show."

The official correspondence shows that Secretary Ballinger handed a letter of resignation to President Taft on Jan. 19. The president refused to accept it at that time, suggesting that the matter be put over in any event until congress had adjourned. Mr. Ballinger ascribed ill-health as his reason for desiring to retire.

Grand Jury At Danville Proceeds  
With New Foreman.

Danville, Ill., March 8.—Judge Kimbrough has removed Isaac Woodyard, foreman of the grand jury, on account of continued illness, and named John Goodwine of Potomac to succeed him. The request for a new foreman was made by the entire membership of the jury, who told the judge that they had six or eight weeks' work before them yet and that they could not continue without a foreman.

Subpenas were immediately issued for a number of witnesses, and the vote probe began where it left off two weeks ago.

"Peter the Great" is pronounced today the greatest sire of extreme speed and colt trotter in the United States, being the sire of the champion yearling, "Miss Stokes," 2:19 1/4, she in turn is the champion two year

old of 1910 with a record of 2:09 1/4; is also the sire of "Grace," winner of the Kentucky futurity last year with a three year old mark of 2:08 1/2. He put two other four year olds in the list in 1910, namely, "Peter Donna," 2:08, and "Peter W." 2:08 1/2. Beside these he is the sire of four others in the 2:10 list including the champion three year old of 1910, "Czarevna," 2:07 1/4. "Sadie Mack," four year old, 2:06 1/4, winner Kentucky futurity, Hartford futurity, trio stake "Nahma," five year old, 2:07 1/4, record made on half-mile track and "Icon," four year old, 2:10. Peter the Great also put 23 in the 2:30 list in 1910, a showing remarkable. This is the only Peter the Great ever in this community and Mr. Jones has prevailed on the owner of this horse to make a short season with him this spring.

## HORSE'S FEED IMPORTANT.

Thousand of horses die every year from improper feeding. It is the cause of most common diseases, such as colic, heaves, founder, etc. Colic, or acute indigestion, is caused by overwork, change of food, too much cold water when animal is overheated, dry hay or straw with insufficient water, sudden shifts from dry to green fodder, and lack of roots and soft mashes. Lack of exercise is also apt to cause disease.

Winter confinement on dry fodder with no exercise means inactive bowels. The whole system clogs up, the blood is poor, coat is rough, and loss of flesh invariably results.

Provide a light, dry, well ventilated stable with low mangers that can be easily cleaned. Never allow food to become sour in the manger.

Feed 12 to 18 pounds of sweet hay daily, and about 10 pounds of oats. Have water always clean and fresh. A varied and well balanced ration is necessary to make heat and good muscles. A fat horse is never healthy.

Remember irregular feeding will cause indigestion. The meal times should be regular, say 5:30 a. m., noon and 6:30 p. m. The night meal should be the heaviest. Give hay first, then grain.

A bran mash should be given twice a week. Roots, corn, barley, beans, peas bran, linseed, carrots, turnips, apples and potatoes are all valuable foods. Molasses is excellent fed on hay. Always keep a supply of rock salt in the stable within reach.

A paddock with shelter and trough should be provided when possible.

## LAWYERS FIND QUIBBLE POINT

The Two Proctor Laws Apparently Contradictory.

## LICENSE RENEWALS INVOLVED

Inquiries Being Made at the Governor's Office From All Parts of the State Bearing on Apparent Conflict Between Renewal Clause in Liquor Regulation Law and Cor Amendment to the Local Option Law.

Indianapolis March 8.—An interesting question which is engaging the attention of attorneys interested in liquor regulation has arisen over what to some appears to be a conflict between the renewal clause in the Proctor liquor regulation bill and the Cor amendment to the Proctor local option measure, which provides that for the purposes of the option act all applications for renewal of licenses shall be considered the same as new applications for licenses. At first glance some attorneys have said that the Cor amendment would operate to give boards of county commissioners greater opportunity to reduce the number of existing saloons in wet territory to one to every 500 population, or, if they chose, one to every 1,000, irrespective of the clause in the regulation measure, which provides that no person holding a license when the regulation measure went into effect shall be deprived of his license because of the restrictive measure as concerns population.

The Cor amendment throwing restrictions about renewals, it has been pointed out, would prevent many renewals, and thus would tend to reduce the number of saloons to the ratio fixed by law.

It has been pointed out also that if the option act was signed before the regulation measure the renewal provisions of the regulation measure would repeal those of the option act and vice versa.

## A Question of Precedence.

Both the bills were signed on the same afternoon by the governor and both were deposited with the secretary of state at the same time. The records in the office, however show that the regulation measure immediately preceded the option measure in the report to the senate and on the receipt signed by the secretary of state.

It is held by some attorneys that the phrase in the option law, "for the purposes of this act," will prevent the operation of the option measure to reduce the number of saloons in any wet center. The only means by which the number of saloons can be reduced, it is held, will be by holders of licenses going out of business of their own accord without disposing of their licenses, or by the refusal of the county commissioners to renew licenses for any of the conditions set out in the regulation measure, such as failure to qualify as a citizen, failure to qualify under the clause regulating the issuance of persons convicted of a felony, or failure to qualify under the clause regulating the issuance or renewal of licenses to persons convicted of violation of the state liquor laws.

## Governor Flooded With Inquiries.

It seems that the impression has gone abroad over the state that under the Cor amendment a board of county commissioners can summarily reduce the present number of saloons in any wet center to the limit prescribed by the regulation measure, but Senator Proctor, author of both measures, says that this is an erroneous belief, and that such reduction cannot be made. A great many letters have been received at the office of the governor inquiring which of the bills was first signed, the purpose of writers, it is said, being to invoke the Cor amendment to reduce the number of saloons, if possible.

None of the attorneys approached with the question would venture an opinion on the matter, all saying that they had not studied the two measures fully. Most of them were inclined to the belief, however, that the phrase, "for the purposes of this act," as contained in the option law, would preclude its operation to reduce the number of existing saloons.

## Additional Bills Signed.

Though the governor was well up with the assembly in the matter of signing bills when the legislature adjourned Monday night, a number of bills remained over. The following house bills have since been signed:

Giving the state board of tax commissioners power to establish values of express company stock for assessment purposes; providing for remonstrances in street, alley and sidewalk improvements; establishing the right of heirs to property after absence of owner for five consecutive years; regulating the issuance of school bonds in cities of 100,000 population or more; providing for licensing nonresident fishermen and limiting the number of deputy game wardens to twenty-five; regulating the cleaning of ditches; defining the duties of state veterinarian, providing for an additional allowance to such officer, and providing for the registry of the sale of tuberculin.

Dr. Charles F. Aked has resigned as pastor of the Fifth Avenue Baptist church at New York.

## ILLEGAL VOTERS GET REBUFF FROM COURT

Judge Blair's Disfranchisement Decisions Stand.

Columbus, O., March 8.—The supreme court has handed down a decision to the effect that Judge Blair's action in disfranchising the 1,100 voters in Adams county for selling their votes was legal. Some of the accused men brought the question to the supreme court, asserting the constitution was violated when they were deprived of the right to vote.

## DOUBLE TRAGEDY

Liberty Man Shoots Sleeping Wife and Then Kills Himself.

Liberty, Ind., March 8.—Joseph Burgoyne of this city shot and killed his wife as she slept and then turned the weapon on himself and died instantly from a bullet wound in the head.

Burgoyne was known as a man of violent temper and was devoted to his wife, although unreasonably jealous of her.

## Lord Marries Former Chorus Girl.

London, March 8.—Mrs. John A. Stirling, formerly Clara Elizabeth Taylor, the American chorus girl of Washington, D. C., whose divorce from Captain John A. Stirling, formerly of the Scots Guards, caused a sensation two years ago, was married at a registry office yesterday to Lord George Hugo Cholmondeley, second son of the Marquis of Cholmondeley.

## MOTHER AND DAUGHTER

Both Glad to Recommend Parisian Sage the Guaranteed Hair Grower and Dandruff Cure.

Mrs. J. R. Burgess writes from 514 Plum St., Danville, Va., June 4, 1910, as follows:

"I have used Parisian Sage and find it to be all you claim for it, and cheerfully recommend it to any one who is suffering from any hair dandruff, or scalp trouble."

On the same date Odille Burgess, the charming little daughter of Mrs. Burgess wrote:

"I am only a little girl, but I want to tell what Parisian Sage has done for me. I had scalp disease that looked like dandruff and when it was combed up there would be bloody water under the dandruff. Mamma tried everything in the way of a hair tonic, without results, until she saw the advertisement of Parisian Sage; she got a bottle and it cured me, but kept on using it. Now I have as beautiful a head of hair as any girl."

Men, women and children, in every section of America who are using ordinary commercial hair tonics should give Parisian Sage a trial. It is so far ahead of all others that one application will prove its great superiority.

It is guaranteed by F. B. Johnson & Co. to stop falling hair and itching scalp, and to drive out all dandruff in two weeks or money back. It grows hair in abundance and gives to the hair a lustrous and fascinating appearance, 50 cents a large bottle at F. B. Johnson & Co., and druggists everywhere.

## TRUCK FARMERS

The Payne Investment Co. are sub-dividing the great plantations of Southern Louisiana into small farms, and selling them to Northern farmers.

We have sold four of these plantations (14,000 acres) since December 1st last. We are now selling "Belle-Helene" Plantation, a beautiful tract of 3800 acres, fully improved and in crops for this year, situated about sixty miles west of New Orleans, and 25 miles south of Baton Rouge, the Capitol of the State.

This plantation lays along both sides of the Illinois Central R. R. and faces the Mississippi river. It is on the old historical pike which connects those two cities.

The soil is a dark, rich, alluvial, the equal to the famous "Celery-Beds" of Kalamazoo, Mich., which are held at from \$1,000 to \$1,500 per acre. The Mississippi River Valley is the greatest Market-Garden proposition in this country today.

There are thousands of acres of cabbage, turnips, onions, head-lettuce, strawberries, etc., now ready for the market. They are being shipped every day right now to Chicago, St. Louis and other northern markets by the train load, and bring fancy prices at this time of the year. A fast freight leaves New Orleans every night for the north, picking up the truck along the valley, and arriving in Chicago the next night.

The climate is delightful all the year, owing to the gulf breeze which always prevails and there is absolutely no malaria. Garden truck is grown every month in the year, and by rotating the crops you have truck to sell at all seasons. This land will also produce 100 bushels of corn to the acre and other crops such as oats, rye, alfalfa, sugar-cane, etc. It is the richest soil in the world, and under proper cultivation will pay for itself in from one to two years.

Every farm touches the railroad, and there is a station on the plantation. We are selling these fine, improved farms on the following very easy terms. One fifth down and the balance in ten years, or if you prefer on an easy crop-payment plan which practically makes the land pay for itself and support a man's family at the same time.

We run our next free excursion there on Tuesday March 21st. Come and see that wonderful country before the good things are all gone. For full particulars, call or address, C. M. WISEMAN,

42 N. Delaware St., Indianapolis.

## For Great and Small.

A guarantee is contained in each box of Seline Pills, so that any person needing a remedy for any form of nerve weakness, and to produce perfect and restful sleep, can buy these pills without risking a cent. These great nerve and manhood builders are sold by Hargrove & Mullin, druggists, where they sell all the principal remedies and do not substitute.

## Syracuse Plows Carload of Them

These plows are used by some of the best farmers in the county. Albert Leasure has 10 of them, Frank Cross has about the same number, and William Anderson has 12 or 14 of them.

We have Gang and Sulky Plows, nothing better. They have the best jointer made on earth today. It puts all the truck in the bottom of the furrow.

I have about 2000 of these plows in the county now, and this is no lie. Call and see them before you buy your plow this spring.

Next year the Republican party in the State of Indiana, obeying not the dictates of party bosses or political adventurers, but responding to the sentiment prevailing among ninety per cent of the Republicans of the State, and seventy-five per cent. of all the people of Indiana, will declare for the re-enactment of the county local option law and the submission of a statewide prohibitory amendment. And upon this issue it will sweep this State. The saloon in Indiana is a doomed institution. It has at the outside but four or five years of life in its mission of death. The political mountebanks at Indianapolis who confronts the wrath of an aroused people well understood this. They are attempting to stem the tide with a bunch of constitutional amendments which omit the one matter the people want submitted to a referendum. But no device of this sort can successfully stem the tide of public sentiment as it exists in Indiana today.

The return of the saloon to Indiana communities under the new brewery and distillery-made law, which automatically made every inch of soil in Indiana "dry" counties "wet," will only serve to hasten the day of wrath, and increase the volume of sentiment for the complete extermination of the saloon, and of the manufacture and sale of liquor, from the State of Indiana.

The Indianapolis correspondent of the Chicago Record-Herald says:

The elections under the new city and township local option law have been disappointing both to the liquor element and the temperance advocates. That such cities as Rushville, Noblesville, Connersville, Greencastle, Marion and Kokomo should be able to decide the sale of liquor by majorities of less than 200 was a surprise, for these elections show how evenly the people are divided upon the question and demonstrate that the struggle will be a continuing one.

On the other hand, the fact that the township elections, where the population is entirely, or for the greater part, rural, were very decided in favor of the drys, is interpreted to mean that there will be a strong demand for the return to the county local option plan, and that the Re-

publicans will make it an issue. Under the old law the vote of the temperance rural class nullified the vote of the city saloon class; under the new law the reverse is the result.

There were two factors prominent in the local option elections and both operated to defeat the drys. In many of the cities the men who had worked and voted for local option two years ago were indifferent to the result this week. They wanted the Democratic plan to be worked out fully, and would not interfere to prevent this consummation.

Another class, equally moral, had become disgusted with the illicit sale of liquor in dry territory and the refusal of the officers to enforce the law. Local option appears to have converted these two classes to the belief that nothing less than statewide prohibition can cope with the liquor question and that this will be brought about quickest by letting the saloons have full sway under the new law. These two classes, having practically withdrawn from the local option forces, left the later in many places in a small minority. This accounts for the closeness of the vote both in the cities that went wet and those that went dry.

#### EDITORIALETTES.

Have you ever really given that clean-up day a serious thought. Think it over!

Catholics generally, as well as people of the Protestant churches, have just got on speaking terms with bacon and eggs and then happen on to a long fast.

We snitched that from the Muncie Press because it will pass muster in this column.

Yes, that maple candy and taffy custom should be revived. Here's a toast to the olden days, at least in that respect.

The New Castle Courier says that U. S. Senate wound up singing, "Won't you go home, Bill Bailey?"

They say that between Kelley's diamond and Hall's \$100 in gold, it is difficult to predict which will sparkle the most.

Our idea of nothing to get excited about is the fact that legislators have been joking with the Lieuten-

ant-Governor about being a bachelor. D'y suppose he'll go and pop the question this late in the day?

### OPENING FACTS GIVEN TO JURY

(Continued from Page One.)

room into the hallway, met Noble, all dressed with the exception of his shoes. He said that the defense would attempt to show that Noble had been in bed, which would be his testimony, but that the State would show that he never was in bed that night.

Still contending that it would be brought out in the evidence, Mr. Sprague declared that Noble told Mrs. Sprague not to make so much ado and ran out of the house to a neighbor's house and aroused them, crying that Sprague had been shot. He said it would be made plain that Noble was tracked through a corn field to the neighbor's home and that a shell, which had never been wet from the rain, which fell that night, and which corresponds exactly to the one used in the Sprague shotgun, was found near the fence over which it is alleged Noble climbed.

Promptly at one-thirty-five o'clock this afternoon, the jury was complete. The jury was first accepted by the State and then passed over to the defense for their inspection. There was no dissenting voice and the clerk of the court swore the members in. The jury retired until the State could prepare to begin the introduction of evidence, which was started shortly after two o'clock.

The jury was not selected until the names of eighty-two jurors had been exhausted. The special venire of fifty, which was called last night was used up, counting those who could not be reached and those who were excused by the court and deep inroads were made on the last special venire of twenty-five which was called this morning.

The four attorneys for the State held a short conference during the noon hour today. It was expected that the prosecution would change their plans this afternoon and allow a jury to be sworn in and the trial started.

Jacob Wessner, sheriff of Marion county, Deputy Sheriff Cline and a trusty in the Marion county jail, came down from Indianapolis this morning to testify in the case. They are brought here by the defense as Noble was held in the Marion county jail for a considerable length of time. They went back to Indianapolis at one o'clock, when it was decided that they would not be needed today.

At noon it was evident that a jury would not be selected before the middle of the afternoon, if at that time. Shortly before noon the State's attorneys seemed to change their tactics and relented the least bit. They were not so persistent for a short time in questioning the witness as to whether or not they would have any conscientious scruples against returning a death verdict. They allowed eight jurors to go by unchallenged, not even putting a question to them. The Noble attorneys were more active in challenging this morning and were intent on getting an even break in the jury if possible.

The delay in impanelling a jury for the trial was continued throughout the morning, mostly by the State in the persistent effort to get a jury that will be willing to inflict the death penalty even though the evidence introduced will be only circumstantial. The morning was merely a duplicate of yesterday, when juror after juror was challenged for cause and excused either by the State or the defense.

The court closed yesterday afternoon, when the special venire of twenty-five jurors and the regular petit jury of twelve had been exhausted, as no more had been subpoenaed at that time. A special venire of fifty names was drawn up immediately and the sheriff and his deputies spent most of the night, rounding in the farmers for the questioning today. This morning most of the fifty appeared and at noon it seemed imminent that most of them would be excused. When that seemed very likely, another venire of twenty-five names was drawn and the deputies hurried out to get them into the court room. A total of one hundred special jurors have now been subpoenaed.

Mrs. Sprague and her children, her brother and brother-in-law were in the court room early this morning ready for the trial. Noble was alone most of the day, his relatives not sitting beside him as they did yesterday.

The special venire of twenty-five names, drawn this morning, included the following: William B. Morris, Jerry Brown, Orlan J. Myers, A. J. Springer, August Ebbing, H. G. Trowbridge, Frank Reddick, Walter Conn, Dorsey Hungerford, John H. Senour, Bert N. Cohee, Perry Gosnell, Gideon Parker, Earl Huff, L. H. Johnson, John Toynes, Emory M. Vanderventer, John J. Downey, Benjamin Whitton, Grant Thomas, George N. Spillman, James Forbes, Gurney Swain, Clyde F. Deputy and Samuel L. Newhouse.

The special venire of fifty names included: John W. Stoten, Leander D. Willis, Jesse Lafforge, Carl F. Moor, Hugh Sparks, Charles Carney, Ira A. Somerville, John Jordan, Alex Solomon, Jacob A. ### New Millinery Store

I beg to announce to the citizens of Rushville and Rush county that I have purchased the Tron Millinery Store which will be known as the Dixon Millinery Store.

Having been in charge here the past two years I find so many good people, a good country surrounding which makes it a very desirable location.

Will appreciate any part of your trade and promise you honest and fair treatment. I say a part of your trade, for I know there is plenty for all and while I want to live I want to see others live, and besides were I to get all the trade I couldn't do justice to any.

Would say to the ladies in the country when in town shopping come in and rest and make yourself at home.

We have a high grade as well as medium grade of goods bought from different houses over the country and feel that we are prepared to give the best of style and at reasonable prices.

Come in and look. That's our business to show our goods. You will find our salesladies accommodating and glad to serve you.

—Mrs. Monroe Forsythe of Franklin, Ind., is here at the bedside of her grandson, Oral Forsythe, who is ill with appendicitis.

—The Misses Florence Frazee and Marie Clark returned last evening from a brief visit with Dr. and Mrs. N. G. Wills and family in Connersville.

—Joseph Carhart of Indianapolis, formerly a professor in DePauw University, once instructor and a very close friend of James E. Watson's was his guest here yesterday for a short time while enroute home.

### CONCERT IN HOMER FRIDAY

Musical Entertainment by Two Local Young Women.

What promises to be a treat in the way of a musical entertainment will take place Friday night in Homer, when the Misses Hazle Lytle and Florence Frazee of this city will render a program. The entertainment will be given in the Christian Union church under the auspices of the Ladies Aid Society. The program will consist of several instrumental and vocal solos, together with classical and popular music.

### AMUSEMENTS

The Palace management will show an American Pathe film entitled "A Cowboy's Devotedness," which is a very interesting drama of western life. Earl Robertson will sing, "Gee, Don't You Wish it Was Summer."

The Vaudet will show a Powers picture "Wenonah," which is said to be a good drama. The Italia, "Foolshead, the Funny Man by Greediness Spoiled His Xmas." A new illustrated song will be sung.

The Star Grand will present a Powers film tonight entitled "The Angel of His Dreams." It is a fine drama in which the great child actress takes a leading part. Mr. Edward will sing the illustrated song, entitled "I'm Longing For the Old Days Marguerite;" also a special solo. The Melville Hamilton company will be here tomorrow night.

### CONNERSVILLE OASIS.

Connersville Examiner: Connersville now has saloons, John Winters was the first to get his place of business in operation, opening this morning, but the place was closed later in order to make some repairs about the room. The other places open today were Pete Hill's, west Fifth street, and Harry Eschelman's, east Fifth.

Mrs. Dave Glore entertained a number of friends at lunch at her home in North Julian street last evening, honoring Mrs. James Brown, who will leave for an extended visit in the West in a very few days.

Mrs. Douglas Morris entertained with a theater party for Mrs. Charles Bassler last evening.

Mrs. Willard Amos, Mrs. Alfred Horton and Mrs. Lawrence Root entertained at the home of Mrs. Amos in North Perkins street last evening for Miss Ethel Amos and George David Nichol of Rockford, Ill., who will be married at the home of Mr. and Mrs. J. M. Amos, south of the city tomorrow evening at 6:30 o'clock. A ten course dinner was served and was richly embellished with very elaborate appointments. The rose design was carried out in all of the courses. The food was shaped like roses as were the place cards. The color scheme used in the decorations was green and white, which will be used at the wedding tomorrow night. The interior of the Amos home was lighted by the rays of soft light from candles, artistically arranged about the room.

Yesterday was Miss Amos' birthday and the hostesses planned a well-timed surprise on her while at the same time celebrating her approaching marriage. The bride-to-be received several beautiful remembrances from the guests. A birthday cake was a feature of the dinner.

The remainder of the evening was spent in playing bridge. Miss Henrietta Coleman received the ladies' honors by reason of her superior playing and Will Amos, brother of Miss Amos, was accorded the men's honors.

### CRITICISES HOME CONDUCT

Henry County Board Finds Fault With Spiceland Institution.

The board of county charities in its quarterly report to the county commissioners, criticises the conduct of the Henry-Rush county orphans' home at Spiceland, says the New Castle Courier. The cause of the criticism was the number of instances of sickness in the home. The action of the charity authorities was not looked upon with favor by the commissioners. It was pointed out by the matron, Miss Cora Shelly, has had charge of the establishment but a few months and has not had the opportunity to fully demonstrate her capabilities, which the commissioners believe are many.

#### LIEUT. GOV. F. J. HALL IS GUEST OF HONOR.

At a "gridiron" dinner in Indianapolis given the newspaper men who have been "covering" the season of the Legislature and at which Lieut. Governor Hall, Speaker Veneman, Senator Stotesenburg, Democratic floor leader and president pro tem of the Senate; Senator Wood, Republican leader in the Upper House; Representative Cravens, Democratic leader of the House, and Representative Eschbach, Republican leader of the House were the guests of honor, the various leaders of the Legislature were nominated for higher offices.

Lieutenant Governor Hall, upon his retirement from office, was suggested as a member of the commission to visit San Francisco and report to the Legislature in 1913 on the advisability of erecting an Indiana State building at the Panama-Pacific Exposition, to be held in that city in 1915.

Twenty-two newspaper men, representing the three Indianapolis daily papers, the Associated Press and various news bureaus, attended the dinner. The "spread" was given in the banquet room at the Claypool Hotel by Senator Stephen B. Fleming of Fort Wayne, who was toasted by each man in recognition of his hospitality and his honor, integrity, resourcefulness and energy. Short addresses were delivered by the six guests of honor and various newspaper men.

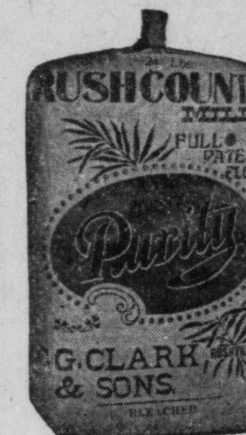

Robert G. Tucker, well known here, was toastmaster and Lieutenant Governor Hall was "president." Burlesques on the actions of Senate and House leaders and presiding officers enlivened the entertainment.

# GOING TO MAKE MEXICO BE GOOD

This Is the Object of Extra-  
 ordinary Military Movement.

IS ENGLAND BACK OF IT ALL?

It is Understood That the British Gov-  
 ernment Has Informed the State  
 Department That It Might Have to  
 Take Hold Down in Mexico if Our  
 Government Didn't Exercise a Re-  
 straining Influence Over Our Unruly  
 Neighbors to the South.

Washington, March 8.—Under the  
 pretext of holding joint army and  
 navy maneuvers, the United States  
 has undertaken a formidable military  
 demonstration for the protection of  
 American and other foreign properties  
 in Mexico. This is the only logical  
 inference that can be drawn from or-  
 ders which have suddenly been is-  
 sued by the war department sending  
 20,000 troops, or two-thirds of the regu-  
 lar army now in the United States, to  
 the Mexican border. In addition to  
 these troops, 2,000 marines, practical-  
 ly all the marines on the Atlantic  
 coast, are under orders to proceed im-  
 mediately to Guantanamo, which is  
 within striking distance of Mexico,  
 and the Fifth division of the Atlantic  
 fleet, consisting of five fast cruisers  
 and auxiliaries, are sailing for the port  
 of Galveston.

This mobilization of troops in the  
 department of Texas is the largest  
 that has taken place in this country  
 since the Spanish war, and if designed  
 for mere maneuver purposes, is un-  
 precedented in many of its character-  
 istics.  
 The call for troops includes detach-  
 ments from every important military  
 post in the United States. Many of  
 these detachments are already under  
 way, and it is expected to have the  
 entire force in Texas, at Guantanamo  
 and San Diego, Cal., within five days.  
 Officials of the war and navy depart-  
 ments will acknowledge no reason for  
 this extraordinary military display ex-  
 cept a desire to conduct joint maneu-  
 vers. Their statements, however, are  
 entirely unconvincing and lacking in  
 all details which have invariably been  
 given out on previous occasions of  
 army and navy maneuvers. They are  
 generally accepted here as mere sub-  
 terfuge to cover the real purpose of  
 the movement.

**Ambassador Wilson's Report.**  
 This sudden demonstration follows  
 conferences which Henry Lane Wil-  
 son, United States ambassador to  
 Mexico, has had here for two days  
 with officers of the state department.  
 He made a gloomy statement of con-  
 ditions in Mexico. It is understood  
 that he was pessimistic over the ex-  
 tent of the revolution in Mexico and  
 the ability of the Diaz government to  
 suppress it. The Mexican revolution  
 has now been in progress for several  
 months, and President Diaz has failed  
 to check it with the energy that his  
 hand has displayed on former occa-  
 sions. These circumstances, together  
 with contingencies that might arise  
 in the event of Diaz's death, were care-  
 fully considered in the conferences  
 between the state department officials  
 and Mr. Wilson.

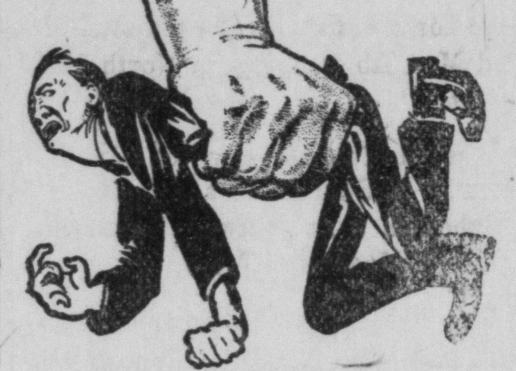

The United States interests in Mex-  
 ico have been estimated as high as  
 \$1,500,000,000, and the protection of  
 these interests would alone account  
 for the proposed mobilization of troops  
 if the officials of this government were  
 convinced for a moment that the Mex-  
 ican government might not be able  
 to cope with the situation. There is,  
 however, another consideration which  
 likely influenced the president and the  
 state department to make this for-  
 midable demonstration. Great Britain  
 also has extensive railroad and mining  
 interests in Mexico, and there is prac-  
 tically no doubt that that government  
 has communicated through the British  
 ambassador with the state department  
 in regard to steps taken for the pro-  
 tection of the interests of foreigners  
 in Mexico. The British government,  
 keeping within its policy to avoid en-  
 tanglements on this side of the Atlantic  
 which might involve the Monroe  
 doctrine, has, it is understood, con-  
 sulted with the Washington authori-  
 ties in regard to the situation in Mex-  
 ico. The British government undoubt-  
 edly informed the state department,  
 however, that it might feel obliged to  
 look after the interests of its own sub-  
 jects if the United States could not  
 extend protection to foreigners in  
 Mexico. The general impression in  
 Washington is that the attitude of the  
 British government has had a good  
 deal to do with the sudden decision  
 on the part of the war and navy de-  
 partment officers to undertake exten-  
 sive maneuvers near the Mexican bor-  
 der.

**Soldiers Keenly Interested.**  
 No attempt is made by any gov-  
 ernment officers to conceal the fact that  
 this government is confronted by a  
 serious situation in Mexico. Many  
 facts in connection with the movement  
 of troops are inconsistent with the  
 statement of the army and navy de-  
 partments that a mere joint maneu-  
 ver is the purpose of the shifts. For  
 one thing, it was learned that the  
 troops are equipped with ball car-  
 tridges, which are not used in war  
 games or maneuvers. In the second  
 place, thirty-six companies of coast  
 artillery have been pressed into serv-

# The Kidney Cure Without a Failure

The Positive Cure That Revolutionizes  
 Treatment of Kidney Diseases, Rheu-  
 matism and Bladder Trouble.

These statements are not exagger-  
 ated. There is no necessity in doing  
 so, because every man and woman suf-  
 fering from kidney or bladder trou-  
 bles, or rheumatism can prove it with-  
 in 24 hours by getting a free package  
 of Dr. Derby's Kidney Pills at any  
 drug store.

Dr. Derby's Kidney Pills are ahead  
 of the times, the only kidney and blad-  
 der treatment that makes good its  
 strongest statement. Get a free pack-  
 age at your druggist's and see if we  
 have said a hundredth part of what  
 these little wonder-workers do.  
 Now listen, sufferers, don't get ex-  
 cited. Just lay away all your present  
 treatments for your kidneys, back or  
 bladder. If you have pain in the back,  
 profuse or scanty urination, colored or  
 foul urine, rheumatism anywhere, dia-  
 betes, pain in the bladder or terrible  
 Bright's disease, just get a 25c pack-  
 age of Dr. Derby's Kidney Pills at your  
 druggist, and see the difference in  
 yourself in 24 hours. If you think this  
 is too good for you to believe, just ask  
 your druggist for a free sample pack-  
 age, and try it. Remember, Dr. Derby's

 ment—25c. We will send them from  
 the laboratory of Derby Medicine Co.,  
 Eaton Rapids, Mich., if you wish. They are  
 safe, guaranteed.

Hargrove and Mullin, Druggists.

**ice as Infantrymen.** These coast ar-  
 tillerymen have been taken from the  
 defenses about New York and Hamp-  
 ton Roads, the two most important  
 points of defense on the Atlantic coast.  
 Furthermore, it is unprecedented to  
 hold maneuvers at this time of the  
 year. Usually army maneuvers and  
 also joint army and navy maneuvers  
 are held in midsummer, when the mil-  
 itia also can participate. In the pro-  
 posed maneuvers in Texas the militia  
 will have no part.  
 There is still another consideration  
 which is inconsistent with the maneu-  
 ver theory. All of the army and navy  
 standing appropriations are at a low  
 ebb. The mileage appropriation is  
 particularly low and the funds for the  
 next year will not be available before  
 July 1. For the war department un-  
 der these circumstances to undertake  
 the sudden movement of forces from  
 remote parts of the country to the  
 Mexican border for the mere purpose  
 of exercise is regarded as extraordi-  
 nary. The quartermaster's appropria-  
 tion for the present year is also run-  
 ning low and it is practically certain  
 that the movement of such a large  
 body of men into Texas will result in  
 the creation of a deficit which will  
 have to be supplied by a Democratic  
 house of representatives.  
 The total force of troops in Texas  
 when fully mobilized will be about  
 four times as large as the force land-  
 ed in Cuba during the second military  
 intervention which ended in 1907.

**Diaz Willing For Intervention.**  
 Washington, March 8.—Ambassador  
 De La Barra said that the Mexican  
 government had been consulted as to  
 the proposed movement of troops and  
 that his government felt that the pro-  
 posed mobilization would have the ef-  
 fect of aiding its efforts to suppress  
 the insurrection. He added that the  
 proposed mobilization was entirely  
 satisfactory to his government.

# ARMY OFFICERS MERELY SMILE

White House Statement Taken  
 With Allowance.

SEE ANOTHER MEANING TO IT

It is Apparent to Seasoned Observers  
 Along the Border That Uncle Sam's  
 Extraordinary Military Maneuver in  
 Times of Peace Must Mean That  
 This Government Is Bent Upon Mak-  
 ing the Mexicans Behave.

El Paso, March 8.—Armed interven-  
 tion by the United States in Mexico  
 to restore normal conditions in the  
 republic is all the talk along the bor-  
 der following the issuing of orders for  
 the mobilization of 20,000 United  
 States troops from different parts of  
 the country at points in Texas. Amer-  
 icans can see no other meaning to it.

It was officially declared last week  
 that the border is amply patrolled,  
 and it is known that the additional  
 regiments ordered to Texas are not  
 needed in preventing insurrecto sym-  
 pathizers from crossing the border  
 into Mexico. Observers believe that  
 this mobilization of troops at San An-  
 tonio, in addition to the brigade sta-  
 tioned there, means armed interven-  
 tion in Mexican affairs.

Nobody believes that this sudden  
 mobilization has been decided upon  
 merely as an army maneuver, not  
 even army officers. They merely  
 smile and cough behind their hands.  
 An American official said: "That  
 statement from the White House  
 would do credit to Enrique Creel down  
 in Mexico."

Did Diaz Start It?

The rebel officers have often made  
 the statement that if they could be  
 guaranteed a fair election under  
 United States supervision, such as  
 Cuba had received, they would lay  
 down their arms. It is believed that  
 the fighting would stop within two  
 weeks after the United States took  
 charge. Americans here think that  
 Diaz has let it be known that he is  
 willing to have United States inter-  
 vention, and that with the knowledge  
 that it is satisfactory to the insur-  
 rectos, this government is about to  
 act in the interest of restoring peace.

Should such intervention come, as it  
 has been predicted by men familiar  
 with affairs in Mexico, it will probably  
 be at the request of the Mexican gov-  
 ernment. Mexico has allowed armed  
 forces to tie up the railroads in the  
 northern portion of the republic.  
 American interests in Mexico have  
 been interfered with and in many  
 cases mining properties and other de-  
 velopment enterprises have been crippled  
 because of the rebel activity. An  
 international phase of the situation  
 has also developed. The Mexico North-  
 western road, the Madera Lumber  
 company and its large holdings in Chi-  
 huahua are owned by the Pearson syn-  
 dicate, with Canadian and English cap-  
 ital. The Northwestern line has been  
 out of commission for more than a  
 month. Madera mills have been unable  
 to ship supplies because of the insur-  
 recto movements near there, and the  
 great Pearson enterprises have been  
 hampered since the trouble first start-  
 ed. Dr. F. S. Pearson has reported the  
 situation to his associates in London.  
 This doubtless has been repeated to  
 the British foreign office. The idea  
 of the Monroe doctrine is that the  
 United States cannot allow European  
 powers to interfere in the affairs of  
 the countries to the south of the  
 United States. Since this is true it is  
 held that the United States is bound  
 by the doctrine to preserve peace and  
 protect foreign interests in these  
 countries.

# IT MEANS BUSINESS

At Least This Is the Belief of Officers  
 in the Field.

Omaha, Neb., March 8.—That the  
 mobilization of troops and warships  
 in Texas and the gulf is not simply  
 for maneuvers, but really means hos-  
 tilities of some sort is the belief of  
 General Frederick H. Smith, command-  
 ing officer of the department of Mis-  
 souri with headquarters in Omaha.  
 Gen. Smith says:

"It is one of the most gigantic move-  
 ments ever undertaken so suddenly  
 in times of peace and I believe there  
 is something beside practice mobili-  
 zation in it.  
 "One matter which tends towards  
 this opinion is in the order received  
 this morning to revoke all leaves of  
 absence granted to officers which were  
 to take effect in the next few months,  
 and to order all officers to return to  
 their commands."

The same opinion, expressed by  
 other officers at headquarters, is that  
 it is a hostile move, either to take the  
 offensive, or to repel a foreign force.

## SPICELAND WILL HAVE TOWN HALL

Corporation Will Accept Offer of Citizen in Building Modern Structure There.

WILL BE MADE VERY MODERN

A meeting of the taxpayers was called Monday night to consider an offer made by S. E. Test to consider the proposition to co-operate with Mr. Test in a plan to erect a building at the southwest corner of Main and Pearl streets, to be occupied jointly as a business room and town hall, says a Spiceland dispatch.

The meeting convened in the Odd Fellows hall, and was liberally attended and very harmonious. Not a dissenting voice was raised and a committee consisting of Frank Fuson, L. T. Pennington and S. C. Symons

was named to confer with an attorney relative to the legal aspects of the matter. These gentlemen met Judge Barnard yesterday and were assured that the town can issue bonds to meet the expense.

Mr. Test proposes to erect a handsome block, on the ground where fire destroyed his building last fall and the town will get a room about 40x60 feet in size, if the present plans do not fall. Spiceland has no place outside the churches for public gatherings, and is in great need of such a hall. It is believed the rentals to be derived will carry the debt, and possibly pay some on the principal after a short time.

### Pay Telephone Toll.

Don't overlook to pay your telephone toll before March 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone.

## POSTMASTERS WILL MEET HERE IN APRIL

At Meeting Held in Connersville Yesterday Charles Frazee Was Elected Vice-President.

### PRESIDENTIAL POSTMASTERS

The presidential postmasters of the Sixth congressional district held a meeting in Connersville yesterday afternoon, when they were the guests of Sam DeHaven, the Connersville postmaster. Charles Frazee, the local postmaster, was present. Mr. Frazee was elected vice-president of the organization and it was decided that the next meeting be held here April 25. The meeting was held in the parlors of the McFarlan hotel, and other matters of interest to Uncle Sam's men were discussed.

Besides Mr. Frazee, other postmasters present were: Mr. Thompson of New Castle; Mr. Moore of Shirley; Mr. Sherburne of Knights-town, and Mr. Morgan of Greensburg.

### VERY PLEASING CUSTOM.

For the first time in many years, a large portion of pure maple candy and taffy was brought to the Daily Republican office yesterday. The donor was W. A. Norris of the Flat-rock neighborhood, who has had, since that time, many thousands of thanks heaped upon his shoulders. It was formally an annual event in a newspaper office, the giving of maple candy during sugar making time. Some old customs really should be revived.

## LOCAL NEWS

Hudson Lander of New Castle was here yesterday on business.

The funeral services of Mrs. Margaret Plummer will be held tomorrow afternoon at the Goddard church.

Posey Denning of Detroit, Mich., is here for a visit with his parents, Mr. and Mrs. Ab Denning, in North Main street.

Russell Eubank, son of Mr. and Mrs. F. J. Eubank, is acting as mail weigher on a run between Louisville, Ky., and Nashville, Tenn.

The Friday afternoon Bible class will meet with Mrs. Val Conoway in North Main street. The lesson will be the first seven chapters of the First Kings.

An error was made yesterday in the Bee Hive ad. The correct price of the dress goods valued at 75 cents to \$1.25 should have read 44 cents instead of 50 cents. Corrected ad on page two today.

## Listen! Let us measure you for that new suit

Different People have different dispositions. That's what makes the difference in people. Some People never put off anything they intend doing at all. We have measured several of these people already and they now have their Spring Suits. They're fixed. Others feel there is plenty of time until Easter, and they will order suits within the next fortnight. They're alright too. But there is yet another class of people who put off doing things day by day, until finally, when the time comes that some special occasion demands a nice suit, they have no time to get one made, so they have to get a hand-me-down.
